A practical export partner

JFT Agro Overseas connects international buyers with export-ready agricultural commodities sourced from India. Our trade desk aligns product grade, packing, documentation and dispatch requirements before an order moves forward, helping importers compare offers on clear commercial terms.

This profile is an introduction, not a certificate pack. Current registrations, inspection documents and stamped copies are supplied for verification against the product, destination and shipment concerned.

Export portfolio

Rice

Basmati and non-basmati varieties, including raw, steam, sella, parboiled and broken grades.

Spices

Whole and ground spices such as turmeric, cumin, chilli, coriander, fennel, fenugreek and ginger.

Grains & flours

Wheat, maize, millet, sorghum, rice flour, wheat flour and other buyer-specified grades.

Pulses & oilseeds

Selected dals, peas, beans, sesame, groundnut and other crop-season-dependent products.

Feed ingredients

Commodity feed inputs offered against specification, inspection and destination requirements.

What to include in an enquiry

- Product name, grade and any required specification or tolerance
- Required quantity and preferred pack size / bag material
- Destination port and requested Incoterm (for example FOB, CIF or CNF)
- Target shipment window and any destination-specific documents
- Inspection, private-label or sample requirements

Typical export workflow

01	Enquiry review	Confirm product, grade, volume, packing and destination.
02	Commercial offer	Share specifications, validity, lead time and applicable trade terms.
03	Quality & documents	Align inspection, certificates and lab / shipment documentation.
04	Packing & dispatch	Coordinate production, packing, container loading and shipping documents.
